## CAMPEP Requirements

The Residency Program in Radiation Oncology Physics at the University of California at San Francisco (UCSF) consists of two-year hands-on clinical physics training for the residents.

---

### History of the Program

UCSF established the physics residency training program in September 1993 with the specific goal of training clinical medical physicists. Currently, the program consists of 4 CAMPEP Accredited Radiation Oncology Physics Residents.

UCSF Radiation Oncology has a long history of training clinical and research postdoctoral fellows in radiation physics.

### PROGRAM STATISTICS TABLE

---

Year	Number of Applicants	Number Accepted	Number Graduated	Number Now Certified	Number Current Clinical Employments	Number Current Academic Appointments
1993	No Data	1	1	1	0	1
1994	No Data	1	1	1	0	1

1995							
	No Data	1	1	1	0	1	
1996	No Data	1	1	1	0 (deceased)	0 (deceased)	
1997	No Data	1	1	1	1	0	
1998	No Data	1	1	1	0	1	
1999	0	0	0	0	0	0	
2000	0	0	0	0	0	0	
2001	No Data	2	2	2	1	1	
2002	No Data	1	1	1	1	0	
2003	0	0	0	0	0	0	
2004	0	0	0	0	0	0	
2005	0	0	0	0	0	0	
2006	No Data	1	1	1	0	1	
2007	No Data	2	2	2	0	2	
2008	23	2	2	2	1	1	
CAMPEP Accreditation							
2009	48	1	1	1	0	1	

2010	53	2	2	2	1	industry
2011	70	2	2	2	2	0
2012	76	1	1	1	0	1
2013	89	3	3	2 (1 in progress)	1	2
2014	118	1	1	1	0	1
2015	83	2	2	in progress	1	1
2016	83	2	2	in progress	1	1
2017	64	2	2	in progress	graduating in 2019	
2018	91	2	2	in progress	graduating in 2020	

2019 85
